

Please allow a 'quiet' area within this top section to ensure the metal rail does not interfere with your design.

Bleed Line

If the background is a solid colour or a full background scan, please ensure it goes right to the red Bleed Line

Outer edge of banner

Nuwave (1000mm x 2000mm) Business Class Roller Banner Template

On completion of your design, please remove the blue lines and all other text, then send it to us as a full size pdf file. Please ensure the page size is not larger than the final design.

Please allow a 'quiet' area within this bottom section and ensure all important content is above this.

Please leave the bottom 150mm blank or only use it for background images. This section will be hidden when rolled into the unit mechanism.
